

## Datacenter Academy

Ensuring every person has access to the technology, skills, & opportunity to pursue in-demand jobs in a changing world.

### Atlanta Technical College

Atlanta Technical College (ATC) is a two-year public institution offering a wide range of educational and training opportunities in technology and digital fields. ATC is dedicated to preparing students for high-demand careers in today's digital economy by providing innovative programs that lead to certifications, diplomas, and associate degrees. Explore their [Cybersecurity and Computer Information Systems](#) programs.

ATC offers programs in Information Technology (IT), Cybersecurity, Software Development and Programming, Web Development, and Digital Media Technology. With a commitment to hands-on learning and industry-relevant skills, ATC equips students to enter the workforce ready to meet the demands of a rapidly evolving digital landscape.

### Microsoft Datacenter Academy

The Datacenter Academy, a Microsoft Community Affairs initiative, is partnering with ATC to equip students with skills in cloud computing and IT. The academy focuses on curriculum centered around CompTIA certifications, including A+, Server+, and Network+.

Scholarships are available for South Fulton County residents, providing access to valuable opportunities in the digital economy. For more information about the Datacenter Academy, please click [here](#).
